

## STOP THE HEBRON FUND

The Hebron Fund is a tax-exempt non-profit from Brooklyn, New York that fundraises for illegal Israeli settlements and occupying military forces in Hebron, West Bank. The Hebron Fund runs weekly tours of Palestinian neighborhoods in Hebron's Old City, during which soldiers detain Palestinians and invade homes and tour guides present a false, racist history of Hebron.

### WHY STOP THE HEBRON FUND?

**1** Dozens of Israeli soldiers accompany the tour to provide "security." Between December 2014 and February 2015, soldiers invaded 27 Palestinian homes.

**2** In December 2014 alone, Israeli soldiers detained 39 Palestinians, including 14 children, forcing them to stand in the street until the tour ended.
